Enhancing Our Communities Growth Through Technology

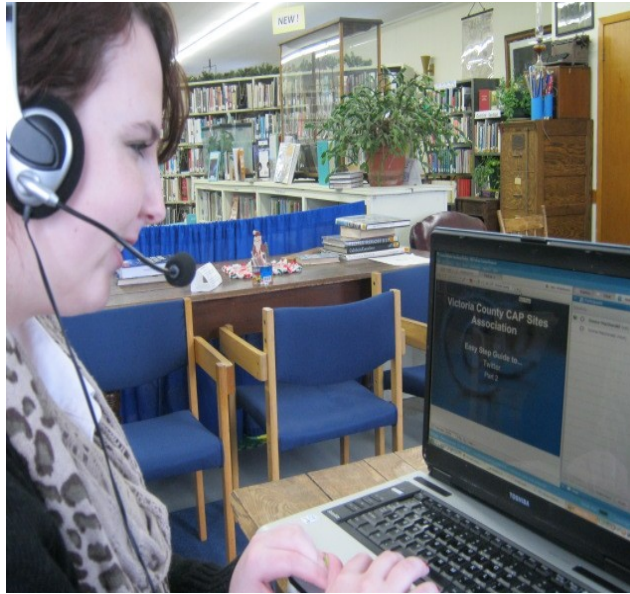

PROMOTING AND SUPPORTING ONLINE MEETINGS

Meeting online, using your computer, a microphone & speakers and High Speed Internet, is a fast and simple way for individuals and organizations to.....

- Decrease travel costs, as well as avoiding missed meetings due to winter driving conditions...
- Gather everyone in your group together, quickly, to join in efficient and productive meetings that can include presentations; document viewing & real-time editing & sharing and optional video sharing...
- Provide a meeting space to conduct training for individuals or a group and have that training session captured for future use...
- and much more!

CONNECTING MADE EASY

Using Online Meetings to connect with co-workers from across Victoria County is VCCAPS Winter Intern, Samantha Morrison.
